Learning Targets

Intelligence: nature or nurture?

What does the research show regarding the genetics of intelligence?

Are there known genes for genius?

What does the research show regarding the environmental factors of intelligence?

AP Exam Tip

So, what determines intelligence? Genes or environment?  
In verbal ability, whom do adopted children resemble?  
Do genetic influences become more apparent as we accumulate life experience?  
What is heritability?  
What does \"intelligence is about 50% heritable\" mean...and NOT mean?  
Teasing apart environment...  
What does it mean that intelligence may be polygenetic?  
What is the impact of neglect?  
What relationship exists between extreme deprivation and intelligence?  
What training did Hunt conduct?  
How can early intervention impact intelligence?  
How does having a growth mindset influence intelligence?  
What does research show about a growth mindset?
